Medical Intuitive Readings for General Health Concerns

Sunday October 25, 1pm - 4pm

Are you dealing with a chronic health issue, weight-gain or menopause?

Each person receives an individual health reading. Following this unique, confidential, intuitive process, the "action-packed" seminar begins. Caroline gives an in-depth explanation of the reading process and important guidelines for health improvement.

Find out that weight loss is not a mystery and menopause can be a smooth and easy transition. Learn the five components of safe effortless weight-loss; understand the five key menopausal imbalances and how to correct them; find out how to control Candida yeast and fungus; how common foods affect us; how to improve your memory; improve your anti-aging capacity and how to stay out of the cancer zone. Caroline Sutherland shares her pearls of wisdom and years of clinical experience in this exciting event.

"I've been a Caroline Sutherland fan ever since the first moment I met her in the '90s. In fact, she fulfilled a dream of mine. At our first meeting, Caroline looked at me, clearly saw my deficiencies and nutritional needs, and on the spot designed a special plan for my particular body. I felt understood for the first time."
