"I want wholeheartedly to endorse this wise, brave, clear and profound book. Kathy McCall guides us through her vision of the revolution of the Direct Path and its transformative crucial importance at this stage of history with grace, learning, radical honesty, and humility, a humility that makes all welcome."

**-Andrew Harvey, Mystic, Rumi expert, and Author of *The Hope* and many other books**

"This book resonates with a gentle and congenial tone but carries a deep message. It takes the reader on a journey that is both personal and autobiographical, one that arouses one's own story and sheds light on one's own spiritual journey. It is well told and inviting and needed as all of us today are called to see our stories as spiritual journeys, adventures that we can choose to steer into places of ever greater depth and ever more generous living."

**-Dr. Matthew Fox, Theologian, Past President and Founder of The University of Creation Spirituality, and Author of 30+ books**

"*The Unorthodox Life* is an amazing book! It is mystical, practical, and inspiring. Kathy McCall has given us all a wonderful gift that will guide and illumine us as we go forward on our spiritual journey. This is the best book I have read in a long time!"

**-Rev. Rosemary Fillmore-Rhea, Granddaughter of Charles & Myrtle Fillmore, founders of the Unity Movement**

"This author provides inspiration in print and excites the reader with insight into the depths of his/her own psyche—with a map to navigate one's world, with understanding of self and others—and midwives an understanding of our place in the universe."

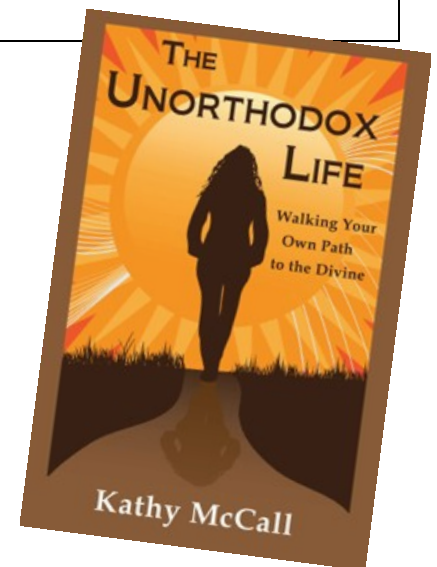

**-Rev. Dr. Glenn Mosley, former CEO of International Association of Unity Churches and Author**
